

Commitment Statement

I am a transformational coach. I bring the juice each and every day. I embrace the journey and hunt the learning. You can count on me to develop, engage, and empower men of great influence. I expect greatness in all that we do. You can count on me to hold myself, the staff, and our team to a standard that is unmatched, taught with excellence, and modeled with passion. Controversy, challenge, bad teammates, whining, pouting, parents, and administrators will be forbidden from taking any of the joy I receive from coaching. I seek solutions. I speak the unthinkable. I turn the stone. I stand. I plant. I water. I value everyone more as a person than I do as a player or staff member. I lead us with an unwavering pursuit of being school changers, game changers, and world changers. This team will not be about me. I will love you, and I will serve you.
